Today, you are beholding an in-depth review on Fatima, and related international topics, a supplement to ***Alert: For The Times, Book of Secrets***. A variety of resources have been compiled for this compendium that speaks to our day. This compendium of historical keypoints is not for the light of heart or weak. Case in point, Wormwood, which relates to the generations of today. Ten decades is a long time since the words of Fatima were first revealed. Wars, societal changes, counter-culture revolutions have elapsed. Fatima is not alone, as new descriptive warnings like Garabandal and Akita have arisen while humanity has been, and still is, given new crowns of technologic achievements. Solar energy, bio-optic scans, nano-bods, Earth Day, random access coded robotics, gene-splicing, cyber crime did not exist some fifty to sixty years ago. The world is in need of reminders where it has been. Wormwood, which translates into Chernobyl, a ghostly past and pensive travellers worst nightmare, leads the cavalcade of man's destiny if the word's from God's warnings fail to be heard.

keypoint 66 June 18, 1965: Final Garabandal message is given. Television cameras from Italy are there. A long message; a stern warning; many on road to perdition. (*See ebook.*)

keypoint 67 Sister Maria Nieves is told by Conchita while matriculating in Burgos (1966-1967) of someone called Pope Pope who is the last of the popes before the end times.

keypoint 68 On June 29, 1972, when celebrating a special mass to begin the 10th year of his Pontificate, Pope Paul VI lets slip to the world, "...from some fissure, the Smoke of Satan has entered the temple of God." He also said, "There was the belief that after (Vatican II) Council there would be a day of sunshine for the history of the Church. Instead," he said pessimistically, "it was the arrival of a day of clouds, of tempest, of darkness..." He added, something is preternatural and has arrived to intervene with adverse power. The Pope called him, "the devil, this mysterious being that the Letter of St. Paul alludes to."

keypoint 69 Ball bearings were no longer excluded from the hands of Soviets, the Dept of Commerce approved export of 164 Centalign-B machines to the USSR in 1972.

keypoint 70 Oct. 13, 1973: Akita message given to Sister Agnes Sasagawa of dire warnings for both the clergy and humanity, a reference filled with sadness of a prince of darkness infiltrating the Catholic Church and that fire will fall from the sky and will wipe out a great part of humanity. A sign will appear, similar to a message of Garabandal.

keypoint 71 After a 10 year study of the Fatima archives, Father Alonso declares, in public, that the Father Fuentes published 1957 interview of Sister Lusia was a true and accurate report.

keypoint 72 Oct. 13, 1977, Pope Paul VI stated, "The darkness of Satan has entered and spread throughout the Catholic Church even to its summit." He also said, "The tail of the devil is functioning in the disintegration of the Catholic world." source: *Corriere della Sera*.

keypoint 73 Oct. 16, 1978, new Pope John Paul II, the first non-Italian in 455 years, The Pope of the Solar Eclipse, named by St. Malachy, reads a text of the Third Secret, reportedly the 25-line text. In a 2000 summation, Archbishop Tarcisio Pietro Evasio Bertone contradicts it saying he first read it on July 18, 1981.

keypoint 74 After 10 recurring dream-visions by David Booth (r) and officially reported by FAA Paul Williams before it happened, the story is of a jet turning over on its side and crashing, became true on May 25, 1979, Flight 191 crashed near O'Hare; 273 people were killed.

keypoint 75 Monsignor Carlo Caffarra, writes a letter to Sister Lucia asking for her prayers. Before he passed away in 2017, he proceeded to make her reply with her signature known to the public. It had taken Caffarra by surprise. Monsignor (later Cardinal) Caffarra became the new head of the **new Pontifical Institute for studies on marriage and the family** in 1980; remember his name when the topic of the new nuclear family definition arises, 30 years later. She wrote him, "The final battle between the Lord and the reign of Satan will be about marriage and the family. Don't be afraid, because anyone who works for the sanctity of marriage and the family will always be contended and also opposed in every way, for this is the decisive issue."

keypoint 76 Pope John Paul II is shot by an assassin on May 13, 1981 and survives. President Reagan also shot by an assassin in 1981 and survives.

keypoint 77 August-Sept. 1981 an armada of 83 U.S., British, Canadian, and Norwegian ships led by the carrier *Eisenhower* managed to transit the Greenland-Iceland-United Kingdom Gap undetected. They used carefully crafted concealment and deception tactics, a stealth fleet, which also managed to elude a Soviet low-orbit, active-radar satellite launched to locate it. In 1981, Cardinal Joseph Ratzinger became Secretary of the Congregation for the Doctrine of the Faith.

keypoint 78 1981: As martial law was about to be instituted in Dec. and tensions heightened in Poland, a secret agent Col. Ryszard Kuklinski (*r*), one of the first in Poland to use a cell phone, tips off the Allies; a secret meeting was arranged in Rome between CIA Director William Casey and Pope John Paul II but acting as translator was Rev. Janusz Bolonek, who was a Communist agent in the Vatican (for 20 years) codename "Lamos." A round the clock manhunt is then conducted behind the Iron Curtain for Kuklinski; yet Kuklinski escapes on Nov. 7. The Kremlin lets Gen. Jaruzelski, Polish Prime Minister, Minister of Defense, and first secretary of the Polish United Worker's Party, issue martial law and crush Solidarity. The U.S. Supreme Court rules that religious, cultural origins and history of Christmas do not violate the Constitution when studied in the classrooms in Public Schools, *Stone vs. Graham*, 449 U.S. 39, 42, 1981.

keypoint 79 May 13, 1982: Pope John Paul attempts a consecration of the world without bishops of the world. By 1982, 73% of the world was Communist. CD's are unveiled.

keypoint 80 President Reagan announced the Strategic Defense Initiative, a new laser-armed antiballistic missile system from both ground and from outer space.

keypoint 81 The U.S. Pacific Fleet held its largest exercises April-May 1983 in the NW Pacific; 40 ships, including 3 aircraft carrier battle groups, participated along with AWACS-equipped B-52s, sailed within 450 miles of the Kamchatka Peninsula; U.S. attack submarines and antisubmarine aircraft conducted operations while other U.S. warships operated in the Baltic and Black Seas; in fact, U.S. aircraft had flown 20 miles into Soviet air space.

keypoint 83 May 30, 1983, agnostic Dr. Luis Morales, a psychiatrist and original member of the Garabandal investigations, retracts his prior information, surprising many saying that the Blessed Mother did appear in Garabandal; reported *El Diario Montañés*, May 31 edition.

keypoint 84 September 1, 1983: Soviet jet shoots down Korean airliner 007 over Sea of Japan, 269 dead, including Lawrence McDonald, U.S. House of Representatives and 62 other Americans. Tensions between West and East escalated. 1983 was also the peak year for catch-

ing Soviet spy agents during the Cold War, when 147 intelligence officers, 41 in France alone, were caught and ousted.

keypoint 85 Two months after re-establishing diplomatic relations with the United States (broken since 1867), on March 25, 1984, before 250,000 people, Pope John Paul II publicly consecrates the “whole world” to the Immaculate Heart of Mary without participation of bishops, as requested. Quietly, Bishop Paul M. Hnilica made the Consecration of Russia to the Immaculate Heart of Mary at St. Michael’s Church in the Kremlin and then said a secret mass at a church in Moscow called the “Assumption of Our Lady.”

keypoint 86 *Avvenire*, March 27, edition, reports Pope also performed a silent prayer before 10,000 people on March 25 inside St. Peter, requesting Our Lady to bless “those peoples for whom You Yourself are awaiting our act of consecration.” Public use of internet on a limited basis starts. Apple introduces the Macintosh Computer in 1984.

keypoint 87 New revelation discovered from secret papers (after the fall of the USSR,) Moscow was not only in the midst of a war scare, they came very close to pressing the button.

keypoint 88 May 13, 1984, huge explosion in Severomorsk (Sever-o-mor-ski) destroyed 80% of Russia’s missiles reducing the USSR from superpower. The world did not know the extent. The world comes to the Los Angeles Summer Olympics July-August in 1984, the last and only summer Olympics that did not go into horrendous debt.

keypoint 89 Nov. 11, 1984: *Jesus* magazine publishes an interview with Cardinal Ratzinger. The interview is entitled “Here is Why the Faith is in Crisis.” Published with the cardinal’s permission, it is revealed he had read the Third Secret and it quotes him as stating it concerns dangers to the faith. He also revealed that “the things contained in this ‘Third Secret’ correspond to what has been said again and again in many other Marian apparitions, first of all that of Fatima....” Alec Jeffreys invents DNA fingerprinting in 1984.

keypoint 90 Dec. 13, 1984: Russia’s largest ammunition base in Siberia explodes. U.S. Supreme Court rules that American public schools can call Christmas Holidays with the word Christmas without being unconstitutional, *Lynch vs. Donnelly*, 465, U.S. 668, 676, 1984, but the Supreme Court also established what came to be known as the *reindeer rule*, cities may set up nativity scenes and other religious scenes in public parks & public lands without offending the Constitution if sufficient secular objects are also displayed. *Lynch*, 465, U.S. at 679.

keypoint 91 September 1985 issue of *Sol de Fatima*, publishes interview in Spanish with Sister Lucia who said no, the consecration of 1984 was not done as requested.

keypoint 92 A year later in 1986, St. Michael the Archangel sent an angelic emissary to ask Andrew Wingate if he would like to perform a service for Jesus and his mother, Our Lady. Wingate answered yes. And so began his life as “The Trumpeter” to announce to the world future messages. First e-book developed by Franklin Co. in 1986.

keypoint 93 March 1986 future Pope Francis I travels to Augsburg, Germany, where he is deeply moved by the painting of Mary, the Blessed Mother by a painter from the 1700s depicted untying the knots of a ribbon held out to her by an angel, while another angel is

receiving another ribbon from her with no knots. This man of action never finished his “doctoral thesis” reason for going to Germany, but on his return to Argentina brought the whole story of the “untier of knots.” The knots are all that represent sins, the complexities and complications of life. And, Mary is the one who helps to untie them.

keypoint 94 April 26, 1986, a scientist in present-day Ukraine unlocks the safety features of the Chernobyl nuclear power plant and an explosion occurs when the Fail Safe procedure fails. The fallout is 400 times more radioactive than Hiroshima and the consequent fires lasted 10 days; a giant concrete sarcophagus enclosure was built in 206 days locking in 200 tons of radioactive corium, 30 tons of highly contaminated dust and some 16 tons of uranium and plutonium. Chernobyl translated into English is Wormwood. In the world of prophecy, Wormwood is mentioned in chapter 8 verse 11 of Revelation, which is connected to the Biblical Third Trumpet written about 2000 years ago.

keypoint 95 May 12, 1988: An explosion wrecks the factory that makes the rocket motors for the Soviet SS 24 long-range missiles, which carry ten nuclear bombs each.

keypoint 96 Aug. 9, 1989: An offer of incardination is issued to Fr Gruner by a Bishop Fulton in Canada on condition Gruner ceases his work in promoting the Message of Fatima; it was not accepted by Reverend Gruner.

keypoint 97 Secret October 27, 1989 letter from Cardinal Agustoni (head Secretary of the Congregation for the Clergy) to the bishop of Avellino instructing him to revoke Rev. Gruner’s permission to reside in another diocese and make him illegitimate and try to kick him out of the priesthood. The letter was discovered years later in the files of the Archbishop of Toronto, which ordered the bishop that he was not to disclose that it all came from Agustoni.

keypoint 98 Nov. 9, 1989: The Berlin Wall comes down; East German authorities hand down news that the borders would be loosened but, read by reporters who mistook the change as open borders. Crowds of E. Germans head for the wall, outnumbered, guards open the barriers and thousands upon thousands begin streaming through. Hollywood star David Hasselhoff, of *Night Rider* and *Baywatch*, in his black jacket with twinkiling lights suspended from a crane above the crowd New Year’s Eve ‘89 sings the European hit, “Freedom”. Digital photography developed. Czechoslovakia, Romania, Bulgaria and Albania hit by revolutions.

keypoint 99 May 13, 1990: Freedom of religion was officially allowed in Russia. Rev. Stefano Gobbi is told by our Blessed Mother this message: “Humanity has not accepted my motherly request to return to the Lord along the road of conversion....Satan has been the uncontested dominator of the events of this century...spreading far and wide division and hatred, immorality and wickedness and legitimizing divorce, abortion, obscenity, homosexuality and recourse to any and all means of obstructing life.” WORLD HISTORY AXIOM: unrealized by many, the decade of the 90s is the start of a xeno-phobic-anti-Western-Culture-amorphous-

Muslim war; initiated by cells of bin-Laden, extension carried by fanatical Islamo-Nazi terrorists of every age.

keypoint 100 Oct. 13, 1990: President Mikhail Gorbachev, the first baptized Christian President, although still Communist, receives the Nobel Peace Prize. U.S. National debt reaches \$3.2 trillion. SR-71 spy plane costs \$200,000/hour to fly; max ceiling 101,400 ft.

keypoint 101 *NY Times* May 13, 2004 article "Globe Grows Darker" related to Revelation; article said for past 50 years from 1950-2000 sunshine had diminished on earth, a 10% to 37% reduction. Even though article is from

May 2004, reference is perhaps sounding of the Fourth Trumpet.

keypoint 102 Invasion by Saddam's military of Kuwait results in war, and he is then ousted from Kuwait in 1991 but not before his troops set fire to the oilfields. **The skies and earth were darkened.** Saddam in **Persian means destroyer.** And, out of the abyss came locusts with power of scorpions. Coincidentally, **Apollyon in Greek translates to the destroyer.** It is in the Bible. The Fifth Trumpet is announced. In 1991, Cardinal Sodano becomes Vatican Secretary of State.

keypoint 103 Oct. 13, 1991: First pilgrims from the Soviet Union are allowed to visit Fatima and it was carried live on 150 stations and some 300 radio stations.

keypoint 104 Dec. 25, 1991: Gorbachev resigns as President of the USSR.

keypoint 105 The Fatima Center holds in 1992 conferences in Fatima; 65 bishops attend. Msgr. Guerra holds his own conference and at the conference, Bro. Francois of France denounces some fake letters attributed to Sister Lucia. No one denies the accusation. Jean Polly invents "surfing the web."

keypoint 106 A heavily edited volume of Father Alonso's documentation on Fatima is published in 1992, but 23 other volumes are under lock and key.

keypoint 107 Balamand Statement of 1993 makes it a crime for the Roman Catholic Church to preach in Russia. There are about 500,000 Roman Catholics in a nation of about 144 million Russians. First terrorist attack on World Trade Center, an explosion rocks the parking garage, Feb. 26, 1993. First Pentium processor released equivalent to 3 million transistors.

keypoint 108 Nov. 18, 1993: U.S. government permits sale of an \$8 million supercomputer to Red China; it is capable of performing 958 million calculations per second.

keypoint 109 Oct. 4, 1994: Export ban to China of U.S. high-technology, including satellite launch equipment, ended. China conducts underground nuke explosion 3 days later.

keypoint 110 Cardinal Mario Luigi Ciappi (r), papal adviser to five popes, in a 1995 personal communication to Professor Baumgartner in Salsburg, Austria, reveals, "In the Third Secret, it is foretold, among other things, that the great apostasy in the Church will begin at the top."

keypoint 111 Archbishop Tarcisio Bertone was named Secretary of the Congregation for the Doctrine of the Faith on June 13, 1995.

keypoint 112 At the 3rd annual "Our Lady of Fatima 2000 International Conference on World Peace" (1996) Archbishop Emmanuel Milingo made allegations that Satanic rituals were performed within the Vatican. Rev. Malachi Martin was in attendance and added, "Anybody who is acquainted with the state of affairs in the Vatican in the last 35 years is well aware that the Prince of Darkness has had, and still has, his surrogates in the court of St. Peter in Rome."

keypoint 113 Father Malachi Martin, who had actually read the Third Secret and was part of the Vatican II Advisory Council, tells on American radio show *Coast To Coast AM* hosted by Art Bell, Apr. 4, 1997, the chastisement of the 3rd Secret of Fatima involves "several." Arraial Pride, combination political rallies-party tents event becomes an annual event, with drag performances and Queer games, cleverly timed for June when Rock-in-Rio-Lisboa the 2-weekend music festival also takes place in Lisbon, Portugal; in 2018, 60,000 est. attendance, before COVID-19.

keypoint 114 Unknown to Sec of Defense Bill Perry (1994-1997) American company AT&T was allowed to export super advanced fiber-optics to Chinese firm Galaxy New Technology and it became part of Chinese air defense systems that can combat air attacks, a capability they did not possess in 1991. At start of decade, Chinese air missile technology was unguided and had no state of the art ballistic missiles, but thanks to other sales, by Loral Space and Communications CEO Bernard Schwartz and C. Michael Armstrong, Red China by close of decade could send a rocket within an incredible 100 feet of its target.

keypoint 115 Rev. Malachi Martin candidly states on *Coast To Coast AM* July 14, 1998, the warnings and messages of Garabandal are a repetition of the Third Secret in brief. Intel Pentium II silicon-crystal-wafer-like gallium chip unveiled, equivalent to 7.5 million transistors.

keypoint 116 In *Inside the Vatican* issue, former Philippine ambassador to the Vatican, Howard Dee, categorically stated in an interview that Bishop Ito was certain Akita was an extension of Fatima, and that "Cardinal Ratzinger personally confirmed to me that these two messages,

of Fatima and Akita, are essentially the same.”

keypoint 117 Nine former members of the *Legionaries of Christ*, a misnomer if there ever was one, filed a canonical suit in 1998 with the Congregation for the Doctrine of the Faith against the founder Marcial Maciel Degollado for sexual abuse; the Legionaries are believed to have conducted many things like drug abuse, fathering children out of wedlock and child abuse. Sec. of State Cardinal Angelo Sodano (*opposite #121*), powerful Secretary from 1991 to 2006, blocked all canonical proceedings against Maciel, his nephew. Carlo Martino, advocate for Daneels & brother of Archbishop Renato Martino, Vatican Sec. of State’s observer at the UN issues 2 summary reports against Gruner; Archbishop Martino publicly praises a new ICC (International Criminal Court) but, within 2 years led by Mary Robinson, the ICC issues news all priests can be arrested for withholding evidence given in confessionals, under the “crimes against humanity” clauses of the UN.

keypoint 118 Columbine High School massacre, April 20, 1999, when 2 Colorado boys tried to blow up their school, it failed but they went on a crazy shooting spree. In reference to the appearance of the 3rd A/C, Nostradamus announced his arrival will be “preceded by an eclipse of the Sun more obscure and tenebrose than has ever been seen since the creation of the world” except the eclipse during the era of Our Lord Jesus Christ, regarding his death and passion. This big eclipse appeared Aug. 11, 1999.

keypoint 119 In East Timor and India, Catholics are hunted and murdered in fall of 1999.

keypoint 120 Dec. 31, 1999: The U.S. flag is lowered at the Panama Canal for the last time. Control of Rodman Naval Base, a U.S.-built, deep-draft port facility capable of handling, supplying, refueling, and repairing just about any warship on the Panama Canal, and control of ports at both ends of the Panama Canal changes to Hutchison Whampoa Ltd, owned by billionaire Dr. Li Ka-shing, connected to China Telecom, and CITIC [China International Trust and Investment Corporation], CITIC at the time had global assets of \$21 billion, run by Wang Jun, People’s Republic main arms dealer to Communist regimes.

keypoint 121 For 30 years, the world sees the rise of 2 diametrically opposed polar factions regarding Fatima, namely one concerns the career of Rev. Nicholas Gruner and his devotion to Fatima; the other is a perpetuation by men of high-rank within the Vatican who despise him. Intel Pentium VI chip with an equivalent of 42 million transistors debuts in 2000.

keypoint 122 Body of Pope John XXIII is exhumed in 2000 to be declared blessed, part of the progression to sainthood. Then his body is bathed in solutions of various mixes including formalin, alcohol, penol, camphor, nitrobenzene turpentine, benzoic acid and is embalmed. His face and hands are covered with wax. He is the only pope specially mummified. He is not reburied but put on display for pilgrims in a St. Peter glass enclosure.

keypoint 123 June 9, 2000: The Congregation for the Doctrine of the Faith issued sternly a doctrinal note: one cannot properly say that the Catholic Church is the sister of a particular church or group of churches....Consequently, one should avoid, as a source of misunderstanding and theological confusion, the use of formulations such as our two churches which,

if applied to the Catholic Church and the totality of Orthodox churches...imply a plurality not merely on the level of particular churches, but also on the level of the one, holy, catholic and apostolic church confessed in the creed, whose real existence is thus obscured.

keypoint 124 Oct. 8, 2000: The Pope did an Act of Entrustment with 1500 bishops; 2000 was also the year the 3rd Secret was released on June 26. (Cardinal Ratzinger's portion of the Fatima commentary stated that he and Monsignor Bertone were following the "interpretations" of Cardinal Sodano, including the part of the Third Secret which in the commentary related that the Third Secret now belongs to the past.) I was at home and watched a special 2 ½ hour May ceremony on CNN telecast from Fatima. During the service, he issued that people are at one of the most dramatic moments in all of human history because "of the fulfillment of a divine plan." Cardinal Sodano stated the vision of Fatima concerns "war by atheistic systems against the Church and Christians." He said the text contains a prophetic vision—which I call the vision module. Sodano said that the Pope had directed him to make this announcement. He alluded to the assassination attempt of the Pope (in 1981) as part of the third part of the Secret, but gave no details. The details were not disclosed until June 26, 2000. It had all been originally written during the Second World War. Franciscan order had only 60 new seminarians in year 2000; compare that to 2,251 in year 1965.

keypoint 125 Nov. 30, 2000, *Inside the Vatican* magazine reveals that a Cardinal, described as "one of the Pope's closest advisors", admitted that the Pope had been counseled *not to make mention of Russia* in any consecration ceremony because it would offend the Russian Orthodox.

keypoint 126 Dance of the Night Lights in the sky circa Mar. 30, 2001. The sky was lit aglow in heavenly fire, a year after *The Catholic Times* of London declared Vatican II has successfully spread the majestic branches of Catholicism. Sacramento, California March 30 below.

keypoint 127 Sept. 2001 final preparations by terrorists include using the internet in Public libraries for free. Sept. 11, 2001: terrorist attack upon the United States people. Lit by the candles of the King of Terror, the bearded commander bin Laden, a terrible force of Lucifer is unleashed on earth, and the bodies of over 2000 Americans are taken to the grave. Two GOES satellites registered a gigantic magnetic field spike of the Earth, only 15 mins after the first Twin Tower was hit, a possible link between our magnetic field and the collective human emotion response? 2001 also had a double peak for the Solar Max.

keypoint 128 Former Philippine ambassador to the Vatican Howard Dee recollected to the world what Cardinal Ratzinger told him: the message of Akita is essentially the same as Fatima, related in *Catholic World News*, Oct. 11, 2001 issue.

keypoint 129 Dec. 20, 2001: The Vatican Information Service (VIS) released publicly that Sister Lucia had meditated upon the June 26, 2000 booklet of the 3rd Secret and via an interview of Nov. 17 in the presence of Rev. Luis Kondor, Sister Lucia had declared the acceptance of the '84 consecration, while the Carmelite community "rejects the forms" of Fr Gruner—as to which forms the interview is describing about, the VIS never discloses nor does it explain—why after over 70 years of statements that the consecration of Russia was requested by Our Lady—exclaiming that it is unneeded; a contradiction of her prior testimony.

keypoint 130 Jan. 9, 2002: English edition, *L'Osservatore* in an article-interview of 463 words of Sister Lucia back on Nov. 17, 2001 [conducted by Msgr Bertone (became Cardinal in 2003)] stated the interview interprets the 3rd Secret made in the Jubilee Yr (2000) was all revealed, specifically with this line, "Everything has been published..." Question: was everything that the Pope had to read published? or was everything of one part published? or was everything of only the part that was publicly revealed published? No transcript of the interview has been given to the public up to this day.

keypoint 131 In 2002, the Blessed Mother appeared to Fr Wingate telling him it is too late to turn back or run out. Events of punishment to come can only be lessened. And, it can no longer be prevented. Intel Itanium 2 debuts, chip equivalent to 220 million transistors.

keypoint 132 In 2003, Rev. Wingate goes public with 1st appearance on *Coast To Coast AM (C-2-C)* Jan. 3, 2003. Two months later, the air-naval-ground invasion of Iraq; an allied force of 214,000 American, 45,000 British, 2,000 Australians, 2,400 Polish and several other nations—opposite them are 13 Iraqi infantry divisions and 10 armored/mechanized divisions.

Surprise

keypoint 133 A relative of Lucia, David Booth, begins to receive 10 dream-visions in 2003.

keypoint 134 Awesome sandstorm over 700 miles-wide engulfs Iraq on Mar 23, 2003. “I was scared,” said Sgt. Julie Moretta, “It was almost like the world was coming to an end. The sand was actually vertically, all the way up to 12-17,000 feet up in the air.”

keypoint 135 Mar. 27, 2003: Largest airborne operation since the Second World War, 1000 paratroopers of the U.S. 173rd Airborne Brigade parachute into no. Iraq to aid the 10th Special Forces Group near Bashur Airfield; thousands of Kurdish civilians are liberated. The United Nations Human Rights Commission (UNHRC) meet in Geneva March 17-April 25, 2003, to add “sexual orientation” to its UNHRC’s discrimination list; activists called for a “showdown with religion.” Panel members called Roman Catholics and evangelical Protestants as the main opponents.

keypoint 136 Apr. 9, 2003: Baghdad falls. Seven thousand six hundred and forty-five miles away, one of the FBI’s most senior Chinese counterintelligence agents, 30 yr-veteran James J. Smith is arrested for theft of classified U.S. documents that allowed access of such documents to a Chinese double agent, Katrina Leung, MSS [Ministry of Chinese State Security] aka Chen Wen Ling, who was nabbing classified materials from the briefcase of the FBI. She was originally hired in the 1980s—if you can believe it—to spy for the U.S., but, in reality she was a double agent. She made suckers of the FBI—involving nuclear and advanced technology secrets; later released because of a court boo-boo.

keypoint 137 Mid-April: Amazing story involving the discovery of over 300 black vests. These were explosive-filled time-bombs that fitted over a person just like a vest. Covered with clothes from a distance its wearer could not be identifiable until it was too late! They are an invention not even the fanatic of fanatics—the SS of Nazi Germany—had used. On a tip from local Iraqi civilians, U.S. Marines and an MSNBC crew were led to a school deep inside Baghdad. Row upon row of vests, neatly aligned, were on a coathanger, wrapped like clean plastic laundry bags, ready to be shipped out. Upon close inspection, the black vests had a lining of wide sheaths of yellow-brown explosives with beads of ball-bearings. Muslim looters empty Iraq’s National Museum of Antiquities. On ABC *Nightline* with Ted Koppel, USAID Administrator Andrew Nastios states it will cost no more than \$1.7 billion for the American taxpayer for the rebuilding of Iraq. Before end of April, TF 20 captures Iraqi scientists Dr. Germ (Rihab Taha), Texas-trained microbiologist Mrs. Anthrax (Huda Salih) and Mohammed Abbas.

keypoint 138 Europe heatwave of 2003 kills over 70,000 people in summer.

keypoint 139 Sept. 2003 Mel Gibson visits Fatima and meets Sister Lucia. He asks Our Lady for help in his new film.

keypoint 140 October 2003: At a religious conference held in Fatima, a Rev. Jacques Dupuis declared that the religion of the future should be a general convergence of all religions into one universal Christ that satisfies all and that no one should

even refer other religions as non-Christian. And that the Catholic Church should be part of a being togetherness to harness the energy of world religious pluralism.

keypoint 141 Aug. 2003: City of Balch Springs, suburb of Dallas: senior citizens at the Senior Center were told they could no longer conduct any mealtime prayers, any short devotional, Gospel music, or allow a retired pastor to say any “religious message.” The brave senior citizens appealed to the city. Balch Springs city officials fired the Center’s events planner and bus driver, cutting off the old people’s access to educational outings and transportation to fill their PXs. They fought back. The City cut all transportation to any funeral of these seniors’ friends. But, they filed a lawsuit in Sept. 2003 with the help of an Alliance Defense Fund attorney, and within 2 months the City allowed the music back, but not the preaching. WW II vet Barney Clark was among those not satisfied, calling it getting a bone to shut up like a dog.
